Courses

Individual study programs and weekly academic and pastoral tutorials to ensure that every student achieves to their full potential. At 17 years old some students have no idea what they want to do or where they want to go. At BSTG we restart their academic engine and give all students a purpose and an opportunity to reach their highest potential, dreams and goals.

University success

We have a 100% University success rate. We help each student complete their UCAS forms and or overseas university placement applications. There is a university course for everyone and we guide them to that chosen course. Visits to various universities are arranged with other Buckswood alumni so that students can get a flavour of what lies ahead.

Top 5 most popular University placements:

- Universities of Surrey • Royal Holloway • Oxford Brookes • Brighton • Queen Marys

Life in the College

BSTG takes all that is good from Buckswood Main School and adapts it to suit the needs of the students at BSTG. There are of course rules and regulations to ensure a safe environment as well a tranquil place to work. No uniform is required as the college is based near to town so a mature balance of town leave and academic rigour is adhered to. BSTG is a bridge between school and university. We have an excellent Italian chef serving three meals a day and rooms are cleaned daily. We do insist that students wash their own clothes, therefore preparing them for university, however the household staff are on hand to help out.

Attitude to learning

Each week, each student has a formal tutorial so that both student and tutor can track and monitor progress. We need to ensure that we are getting the best of each student each week.

Life outside the college

BSTG is a College for young teenagers to learn and relax. There is no enforced sports lessons or clubs as there might be in a traditional school. BSTG is also a home and at home parents do not want their young teenager sitting around doing nothing, we are the same! There are cooking lessons, sports and cultural trips all available. We would prefer that they take these activities up themselves with their 'mates' however this does not always happen naturally to a teenager, so we give them a 'gentle prod' in the right direction pulling them off their social media so that they rather socialise and engage with real people!
